

# News Update

## Term 1 – Week 3

Bridgeway kids are passionate about the environment. They always want to do their bit to take better care of our planet.

For several years we have been a Nude Food School.

However we are finding more and more packaging coming to school in lunches and we are filling many big bins with rubbish each week. We are also finding more packaging blowing around in the yard, threatening the health of our waterways and local fauna.

It would be great if children could bring 'package free' food to school in their lunchboxes every day, not just on Nude Food Day.

Where that's not possible we ask children to pop the wrapping back into their lunch box so it can be recycled or disposed of appropriately at home.

Looking for inspiration to make children's lunch boxes healthy while reducing packaging?
